

2011 Cruiser PY List

Cruiser Data: The Cruiser list of Portsmouth Numbers includes all data submitted to the RYA in the accumulation of the previous three years data. Within each of these published numbers a confidence level of the data submitted and the quantity of the data submitted. This confidence level is based on each configuration of each class has partaken in the previous PY Return. When using the numbers a confidence level clubs are recommended to use these numbers as starting points and to adjust to suit all clubs. With this note the RYA actively encourage number adjustment as the list below may be suitable for all clubs. For more information on number adjustment please contact the RYA Technical department.
